Subject: Staff Welfare/Protection

Policy:

The Red River Valley School Division Board of Trustees believes that employees should be entitled to work in an environment that is free of violence and the threat of violence.

Protocol:

An employee who exhibits violent behaviour will be subject to disciplinary action up to and including dismissal and may be subject to criminal prosecution. Violent threats or actions by non-employees at RRVSD sites and/or events may also result in criminal prosecution.

Some violent behaviours from students to employees will be subject to a Threat Assessment which may also include recommendations by the Student Services Department. Results of a Threat Assessment will determine what, if any, further action will be taken.

Other violent behaviours from students to employees will result in a team meeting involving both school and clinical staff in order to determine whether new or altered appropriate programming is required for that student.

Procedures:

Reporting Acts or Threats of Violence

An employee, volunteer or student who is the victim of violence or believes they have been threatened with violence or witnesses an act or threat of violence towards anyone else or to the property of RRVSD shall:

- In the case of an emergency and the situation is one of immediate danger, contact the local police officials by dialling 911 and may take whatever steps are necessary to protect himself/herself from immediate harm, such as leaving the area.
- If situation is not one of immediate danger, report the incident to the administration as soon as possible and complete the RRVSD Violence Incident Report Form.

If employees, volunteers or students have reason to believe they, or others, may be victimized by a violent act sometime in the future at the workplace or as direct result of their employment or dealings with RRVSD, they shall inform site administration by completing the Violence Incident Report Form so appropriate action may be taken. The site administration will inform the Superintendent & CEO and contact the WPSH Coordinator to investigate.

Employees who have signed and filed a restraining order, temporary or permanent, against an individual due to a potential act of violence, who would be in violation of the order by coming near them at work/school, shall immediately supply a copy of the signed order to site administration. The site administration will provide the employer a copy as well. Wherever reasonably practicable, the employee will make arrangements to alter the worksite to ensure compliance with the conditions of the order.

Investigation:

Acts or threats of violence will be investigated immediately in order to protect employees, volunteers or students from danger, unnecessary anxiety concerning their welfare, and the loss of productivity. Site administration will initiate the requirement of an investigation from the employer. The employer may wish to involve law enforcement for their review of potential violations of civil and/or criminal law.

The investigation will follow the procedures as set out in the RRVSD safety manual.

The individual who reported the act or threat of violence will be provided results from the investigation where appropriate. RRVSD will do everything reasonably practicable to maintain the individual's confidentiality. Where there is a need to inform others (for example, to protect the individual) their identification and situation will be disclosed.

Incidents that threaten the security of employees shall be mitigated as soon as possible following their discovery. Actions that may be taken include but are not limited to: notification of law enforcement, provision of emergency services, post event trauma counselling and assurances that incidents are handled in accordance with this procedure.

Claims of violence that are not bona fide but rather malicious in nature will not be tolerated and the false claimant will be subject to disciplinary action up to and including dismissal.
